OFFICE OF PETITIONS

Dear Sir:

Applicant, Sony Corporation, through its attorneys as represented in the Power of Attorney enclosed herewith, hereby petitions for revival of the above application.

On or about December 9, 2005, applicant, Sony Corporation, requested Cooper & Dunham LLP, the prior attorneys of record, forward its file in connection with the above-identified application to the undersigned attorneys for handling of all further prosecution. Upon receipt of the file, the undersigned attorneys promptly reviewed the file and determined that the application had been abandoned. Upon contacting the PTO, it was confirmed that the status of the application was abandoned due to the failure to submit new formal drawings. The undersigned attorneys contacted the applicant, Sony Corporation, who confirmed that it did not wish for this application to

become abandoned. It is respectfully requested that the PTO review the following information and allow this application to pass to issuance. The following is presented to the PTO in support of this petition and is based solely on the contents of the file as it was furnished to the undersigned. The previous attorney, Jay H. Maioli, is no longer employed with the firm of Cooper & Dunham LLP and therefore is not available to provide any further information.

On July 27, 2000, a Notice of Allowance was mailed to Cooper & Dunham LLP, which included a request for new formal drawings to be submitted. Cooper & Dunham LLP submitted the issue fee and transmittal form on October 23, 2000 via first class mailing, as evidenced by the Certificate of Mailing contained therein (Exhibit A). A photocopy of the check and postcard presumably sent with the issue fee and transmittal were contained in the file received from the previous attorneys (Exhibit B). The file does not contain any other documents filed in the PTO or received from the PTO after the payment of the issue fee. Accordingly, it is believed that Cooper & Dunham LLP did not file new formal drawings as required in the Notice of Allowability.

It is clear from the contents of the file that the issue fee was timely submitted by applicant's previous attorneys, but the new formal drawings were inadvertently omitted. It is not clear from the file, however, that a Notice of Abandonment had even been received because it is not in the file. For that reason, applicant was unaware that this application had been abandoned.

The entire delay from the due date for submitting the formal drawings until the filing of this petition was unintentional as the applicant, Sony Corporation, and its prior attorneys, Cooper & Dunham LLP, believed all required actions had been timely taken to obtain the issuance of a patent. Attached as evidence of the applicant's continuing intention for the application to issue as a patent is a copy of a letter dated May 30, 2006, from Fumihiko Moriya, the Senior General Manager, Intellectual Property Division of Sony Corporation, authorizing the undersigned attorneys to prepare and file a petition to revive the present application (Exhibit C).

Applicant therefore petitions for revival of this application based on unintentional delay. A copy of the formal drawings is hereby submitted as Exhibit D. The petition fee in the amount of \$1,500.00 and any additional fees due should be charged to Deposit Account No. 12-1095. In view of the documents submitted and statements made herein, it is respectfully requested that the present petition be granted and the application issue as a patent.

Dated: June 22, 2006

Respectfully submitted,
